Retuning instructions for Toshiba televisions with integrated FreeviewHD receivers

Auto Tuning
The Auto tuning will completely re-tune the television and update the channel list. It is recommended that Auto tuning is run periodically to ensure that all new services are added.

Note: All the programmes and settings that were previously saved will be lost.

1. Press SMART. Use ▲ or ▼ to select SETUP and then press SMART to enter.

2. Press ▲ or ▼ to highlight Auto Tuning and press SMART to enter.

3. Press ▲ or ▼ to select the Tuning Mode.

4. To start channel scan, use ▲ or ▼ to select Start Scan and press SMART.

Once scanning is complete your television channel frequencies will have been retuned. Press EXIT to leave the onscreen menu.
